

CAES Alumni Graduates Opportunity for Publication in the Makerere University Journal of Agricultural and Environmental Sciences (MUJAES)

Preamble

The success of a graduate as an emerging scholar is often assessed by their virtues and eloquence in publishing thesis research results in credible peer reviewed journals. Experience attests that this acumen can only be achieved through development of resilience and confidence, both resulting from proactive practice, including readiness for criticism. CAES plans to run a series of thematic Special Issues of the Makerere University Journal of Agricultural and Environmental Sciences (MUJAES) dedicated to CAES alumni graduates' thesis work.

Submission of manuscripts

This is to invite for submission of research manuscripts from CAES post-graduates alumni for publication in a series of thematic areas, in the Makerere University Journal of Agricultural and Environmental Sciences (MUJAES). Only research results dating to ≤ 10 years will be eligible. Please note that all expenses related to the publication will be catered by the Principal, CAES. Also, the Journal's editorial committee will be available to assist

you to improve the manuscript to the required journal standards, prior to peer review. Please visit the MUJAES at www.mujaes.mak.ac.ug to familiarise with the journal's "Authors Guidelines" prior to submission. Submission for the Special Issue is now open and will close at 17:00 hours 31st July 2020. Please submit your manuscripts to mujaes@caes.mak.ac.ug, copy to johntenywa@gmail.com, jtumutegyereize@gmail.com. In case of further clarification, please use the same contacts.

Makerere University Journal of Agricultural & Environmental Sciences (MUJAES)

MUJAES, previously known as MUARIK Bulletin, is one of the publication channels of CAES. It is a peer reviewed journal which is published biannually (mostly online and occasionally in print). It is presently hosted at www.mujaes.mak.ac.ug, but arrangements are underway for its inclusion on international journal databases. The journal prides in a rigorous, quick and blind review process. Its mandate spans the fields of agricultural, food, forestry, environmental sciences and related sciences. Submission is throughout the year using: mujaes@caes.mak.ac.ug, copy to johntenywa@gmail.com, jtumutegyereize@gmail.com
